

## **2008 FRIENDS OF SCOUTING CAMPAIGN**

**Dan Cantrell**, Council Vice President for Development announces that the 2008 Family and Community *Friends of Scouting* campaigns are preparing to take off. Friends of Scouting (FOS) dollars are used to provide joining opportunities for new youth members, training for new adult volunteers, program support, camps and so much more. The Council will once again be recognizing Packs and Troops that participate with Bronze, Silver, Gold and Presidential ribbons for their support. Depending on their award level units can receive up to a 10% discount off Mount Baker Council summer camp and Cub Day Camp programs.

### ***A Scout is Obedient***

This year there is again a special recognition available for donors who contribute \$125 or more. The Council has commissioned another special Council shoulder patch, the sixth in our Scout Law series. It pays tribute to the way that Scouting programs instill positive values, helping each individual express kindness, compassion for others and unselfish service in their community. For those donors who can stretch to the \$1,000 giving level and can commit to giving for at least three years, a special "Golden Eagle Society" recognition will be provided. This includes a unique lapel pin and recognition plaque.
